

Popsicle Picker Privacy Policy

Welcome! This is the part where apps usually tell you how they'll collect, track, and sell your personal information. Good news: we don't do any of that.

- **No Cookies.** The only cookies we like are the chocolate chip kind.
- **No Tracking.** We don't follow you around the internet like an overenthusiastic detective.
- **No Data Collection.** We don't want your name, your email, your browsing history, or even your shoe size. Keep it all. It's yours.
- **No Targeted Ads.** Because the only thing we're targeting is making this app work.
- Basically: we don't know who you are, and we like it that way.

In conclusion: Use the app, enjoy the app, and rest easy knowing we couldn't spy on you even if we wanted to.
